In 2019 there is a new route for this 115km sportive through some of Kent's fine countryside, along the Greensand ridge, through haunted Pluckley and historic Tenterden. There are then extensive views over Romney Marsh before returning through Sissinghurst and Goudhurst with a long downhill at the end. There are feed stops at 55km and 85km.

Well done all, here are the official times (including feed stop breaks). Jerry 😊😊
